Gajanan Gitte

Student at Indian Institute of Technology, Roorkee
Haridwar

Summary

Hey There! I am Gajanan Gitte, an undergrad at IIT Roorkee and I am pursuing B Tech in Computer Science and Engineering. I love creative coding at first place and then eventually debugging (an inevitable consequence of creative coding a.k.a. bugging) but at the end of every adventurous coding day, everything just turns out good for me. I have developed some skills and have worked on some of my projects, have a look at them on my GitHub handle.

Experience

Vectorised AI Labs

Full Stack Developer

June 2020 - Present (3 months)

Delhi, India

Education

Indian Institute of Technology, Roorkee

Bachelor of Technology - BTech, Computer Science · (2019 - 2023)
